Keep an eye on your property and manufacturing processes

Features

- Super HD IP video with our 3MP, 5MP, and 4K (8MP/12MP) cameras enables zoom in for more details

- Thermal Imaging cameras for outdoor intrusion protection and for manufacturing equipment temperature monitoring

- Our IP video cameras and can be monitored from multiple locations in plant, remotely by Internet and by smart phones

- Systems available with 1 to over 100 video cameras

- We provide complete installation, turn up, 24x7 support and monitoring services

- Systems are IP based and can be integrated with existing data network or new dedicated network

- Wireless video cameras available

Benefits

- 24x7 Video surveillance of indoor and outdoor areas

- Video monitoring and recording of manufacturing process and temperature for quality control

- See fine details, faces and license plates

- Recorded HD video available for future playback and analysis

- Our secure system are accessible by authorized employees locally and remotely

Abilities & Technologies

- HD Video Surveillance systems
- Design of LAN/WAN, Ethernet, switch/router networks for 10mbps, 100mbps, 1GigE, 10GigE, 40Gig, 100GigE communication over copper and fiber optic cabling
- Complete system installation, cabling and turnup services
- Commercial, industrial, manufacturing and multitenant environments
- Cable certification to TIA/EIA standards for 1GigE, 10GigE, 40Gig, and 100Gig transmission over copper (cat5e, cat6, cat6a, cat7) and fiber optic cabling.
- Internet security firewalls that guard against hackers
- Inter-office, Intra-Office, Campus & Metro Networks
- Voice over IP telephone PBX systems (VoIP)
- PA audio systems from 1 speaker to over 100 speakers
- Over the air (OTA) TV signal distribution systems
- Ethernet, ATM, Fibre Channel, Sonet, SDH
- VLAN, VPN, SAN, MPLS, VoIP
- Wireless WiFi -10 Mb/s - 2.6 Gb/s - IEEE 802.11a/b/g/n/ac - 802.11i Security & Encryption - WPA, WPA2, AES, CCMP, Radius
- Power over Ethernet - IEEE 802.3 af/at
- Digital Microwave communication systems
